General Policy Statement

Cobnor Activities Centre Trust is committed to ensuring the highest possible standards of Health and Safety management. In addition to our statutory obligations for Health and Safety at work, we proactively take responsibility for the Health and Safety, well-being and welfare of all who participate in our adventurous activities, learning and development programmes.

Our overarching policy is to ensure, in so far as is reasonably practicable, the Health and Safety at work of our employees, and the Health and Safety of our customers taking part in adventurous activities. As a minimum, we will comply with the requirements of relevant Health and Safety legislation, approved codes of practice and, as appropriate, guidance published by the Health and Safety Executive, NGBs and/or other recognised industry bodies.

We seek to continually improve our Health and Safety performance, in order to raise standards and reduce the potential for occupational injuries. We seek to minimise all unnecessary Health & Safety hazards and risks. We aim to reduce the potential incidences of accidents, incidents or cases of occupational ill-health. Our commitment to this end contributes to the success of the Trust and will be supported by the involvement of our employees and, as appropriate, others in delivering good Health and Safety. Our employees and others will be made aware of our Health and Safety policy, our commitment to its effective implementation and their responsibility to support the business in its effective implementation.

The arrangements for implementing this policy and the particular duties of persons for safety matters are specified within the policy. Our policy will be revised in the light of changes in circumstances of our business or amendments in the law. The effectiveness of this policy will be periodically reviewed and updated.
